

## ATTENTION NEIGHBORS!

Improve your WiFi and Internet!  
Make your home a Smart Home!

### MY SERVICES

- Fix issues with slow or inconsistent Internet
- Eliminate WiFi dead zones
- Connect and configure your smart home and devices
- Resolve computer, technology, and multimedia issues
- Secure your files, devices, and identities from attack or disaster
- Fortify your home and systems against hackers and intruders

With decades of experience, I manage your home network, devices, and multimedia so that your smart home simply works. My clients enjoy consistent, lightning-fast Internet and seamless streaming, all while staying secure!
